

Now integrated and Certified with

AvaTax

Sales Tax is now integrated with Denali Accounting Software

Businesses can now calculate sales taxes and know they are right. No more guessing. With AvaTax integration, Denali can provide tax amounts quickly, easily, and accurately.

AvaTax cloud-based solution calculates sales tax amounts for your invoices. AvaTax **automates** and **simplifies** governmental compliance processes for businesses of all sizes. It tracks rates in more than 12,000 jurisdictions in the U.S., which eliminates the tedious work and complexity of calculating taxes across multiple jurisdictions and helps businesses focus on your core offering.

With an AvaTax and Denali 6 integration you get...

- Calculated sales tax for multiple jurisdictions.
- Tracking of rates in more than 12,000 tax jurisdictions.
- Taxes calculated when you create your invoice.
- Instantaneous sales tax decisions.
- Calculations on a secure, encrypted internet connection.
- Tax scheduled for jurisdictions that are maintained in the system so you don't have to worry about updates.
