

Features & Benefits

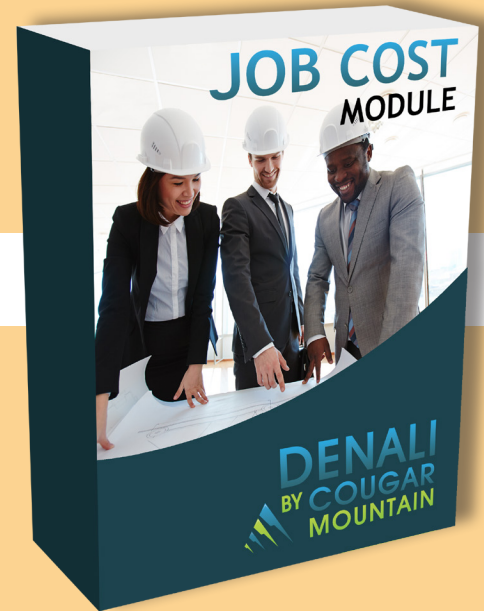

DENALI
WITH **JOB COST**

Save Time and Money

- Estimate jobs faster using customizable templates.
- Reduce duplicate entry time and errors.
- Transfer capabilities between jobs or phases of jobs.
- Proper account and cash flow management lowers the risk of jobs going wrong.

Strong Internal Controls

- Greater financial transparency with accurate reports.
- Enhanced expense tracking.
- Job reports and analysis allow you to select more profitable jobs.
- Provides work-in-progress reporting and billing capabilities.
- Detailed labor tracking with Payroll integration.

Grow Your Business

Using our modular system, you can add General Ledger, Bank Reconciliation, Accounts Receivable, Accounts Payable, Inventory, and Order Entry to your accounting system. All of our modules are fully integrated: no need to enter data more than once.
